

## The Humanbecoming Family Model

Family is an indivisible, unpredictable, everchanging connectedness with close others named as family.

Essences	Paradoxes	Processes
<p><b>Revering intentions</b> arise with the wellspring of laughter and tears in honoring the personal significance of joy-sorrow.</p>	<p><b>Joy-sorrow</b> is celebrating and grieving happiness and sadness with speech, silence, movement, and stillness.</p>	<p><b>Celebrating</b> is marking buoyantly the treasured. <b>Grieving</b> is mourning solemnly the expected and unexpected.</p>
<p><b>Shifting patterns</b> emerge with the opportunities and restrictions in varying intimacies of communion-solitude.</p>	<p><b>Communion-solitude</b> is being together and being alone with the ebb and flow of attending-distancing.</p>	<p><b>Being together</b> is witnessing with diverse fervor. <b>Being alone</b> is moving away from in a recognizable cadence.</p>
<p><b>Unfolding possibilities</b> surface with the warping and woofing in the beginnings and endings of birthing-dying.</p>	<p><b>Birthing-dying</b> is initiating and liberating with the comings and goings that show the familiar-unfamiliar in new light.</p>	<p><b>Initiating</b> is creating anew with sureness-unsureness. <b>Liberating</b> is propelling with persistence.</p>
